What does every PerfectPro come with?

Versatile and multifunctional, all PerfectPro radios boast Hi-Fi sound quality, ruggedised features, and wireless and wired connectivity.

- ✓ **WATERPROOF, DUSTPROOF AND SHOCKPROOF**
Carrying high IP certification, our radios are built to perform in harsh work environments.
- ✓ **FM RADIO**
LONG-PLAYER RECHARGEABLE
dab+ Bluetooth
- ✓ **BLUETOOTH**
Every radio also doubles as a Bluetooth speaker.
- ✓ **INTEGRATED CHARGER**
Every radio comes with a charger and (optional) battery pack for wireless operation.
- ✓ **TREBLE & BASS**
Volume and tone controls for dialling in a richer bass sound or adjusting the sound volume to suit any indoor or outdoor work environment*.
- ✓ **AUX IN**
All you need is a basic audio cable to connect any device with a headphone jack and play it on your radio.
- ✓ **DAB+ AND FM**
All PerfectPro radios feature DAB+ and FM Radio.
- ✓ **IMPACT-RESISTANT ABS PLASTIC COVER**
Strong enough to take a beating from a hammer without breaking.

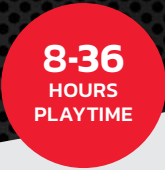

WHICH SIZE IS RIGHT FOR YOU?

	SMALL	MEDIUM	LARGE	XL
CAPACITY	2 - 7 watt	7 - 15 watt	15 - 50+ watt	50+ watt
INDOOR	up to 150 m²	up to 500 m²	up to 1,000 m²	1,000+ m²
OUTDOOR	up to 10 m	up to 25 m	up to 50 m	50+ m

* except for DABPRO

These radios have a integrated lithium battery

- ✓ The integrated lithium battery has what it takes to satisfy the demanding wireless needs of our radios.
- ✓ All you need is to charge it with the radio's power cable, and it's set to go.

These radios come with a built-in NiMH battery charger

- ✓ The optional NiMH battery is the most powerful universal battery on the market, with enough juice to keep the radio's demanding wireless needs satisfied for the entire workday.
- ✓ If the radio is going to run on mains power, choose a lower priced radio without a battery pack.

These radios also double as a USB player

- ✓ Download your favourite playlists to a USB stick and play them directly on your radio.
- ✓ This means no fiddling around with phones or other devices when you simply want to listen to your favourite playlists.

These are the first Wi-Fi jobsite radios on the market

- ✓ Digital world radio reception guaranteed via a Wi-Fi hotspot (even if no DAB+ signal is available).
- ✓ Everyone can (take turns to) stream their favourite tunes directly via Spotify Connect without a Bluetooth connection.

CAUTION!

The XL class is a league of
its own - not for beginners.

Taking these monsters to any project is
totally not appreciated by any customer,
neighbour or supervisor and may lead to
serious conflicts.
