ROCKHART

The largest jobsite radio on the market, the Rockhart is popular with outdoor workers and on large projects. A perennial favourite for anyone who demands the best and the largest.

WWW.PERFECTPRO.EU

Nicknamed 'the Boss', the largest and most powerful jobsite radio ever built

It features two powerful woofers and tweeters, driven by a premium amplifier, that produce an impressive sound.

FM RADIO

FM RADIO

FM radio is here to stay! Whereas DAB+ radio reception can be tricky in large buildings or remote areas, there's always good old FM to back you up. Problem solved – as all our radios have FM capabilities.

DAB+

The genuine 21st-century digital radio, perfect sound and as user-friendly as it gets. If there's no coverage, you can simply switch to trusty old FM.

BLUETOOTH

Transform your radio into a high-quality Bluetooth speaker and listen to your own audio thanks to the Bluetooth interface. You can play anything from your computer or phone directly on your radio.

MICROPHONE IN

The RockHart can be turned into a megaphone via the microphone input, singing along to the music is also possible.

AUX IN

Tired of radio? Via a simple audio cable you can connect any device with a headphone output and play on your PerfectPro radio. Handy too as teammates may take turns in wanting to play their playlist without turning on bluetooth again to reconnect.

STEREO PAIRING

Connect your radio to another PerfectPro radio with stereo pairing function and enjoy your Spotify playlist in stereo via Bluetooth streaming.

POWERBANK

Our radios are equipped with strong batteries which can double as power banks with 5V/1.2A output. Connect the phone to the USB port and it will be charged in no time.
